Resolute™ Strength Selectorized Line

Biceps Curl

Biomechanically Sound

The angled arm pad and handles on the Resolute Biceps Curl align the exerciser's elbows to the pivot point for maximum comfort and muscle engagement. The arm pad gives optimal support without restricting proper breathing.

Designed to Go the Distance

The upholstered pads of the Resolute Biceps Curl underwent 1.2 million cycles of testing to ensure that this machine will be a durable workhorse for any facility. One piece, soft rubber foot caps make the equipment easier to move and will remain in place even if kicked.

Focused on the Experience

The arm pad and gas-assisted, ratcheting seat are aligned for the exerciser's comfort, easy entry and exit, and to maintain proper body position and alignment.

Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.
